Thats another struggling detransitioner I've just been on the phone to. Her GP won't do shit for her. "Oh have you tried this org that will and has ignored you" fuck off. I'm not keeping my mouth shut anymore - I'll tell you about every incident. Let me tell you all something-

For the past 3 years I have played therapist for a vulnerable group I had no business playing therapist to. But they had no one else.

So I listened, and I did my best, but ultimately I couldn't help. I'm not qualified. I told them to stop hurting themselves-

They didn't listen. So I sent them to Genspect, who do amazing work, but so many detransitioners are so anxious and distrustful that most didn't contact them.

So I had them in my DMs and in my zoom calls-

And I tried. But these kids need real, proper help. They need care. They have been ignored for being a political inconvenience, and shame on every one of you who allowed this-

This is your fault. You supported blind affirmation of vulnerable youth, and look where it's got us. A generation of messes. Messes we must fix and help repair, how dare you. How dare you what you've done to these young people. How fucking dare you!
